Get Your Solutions Built with our Industrial Expertise

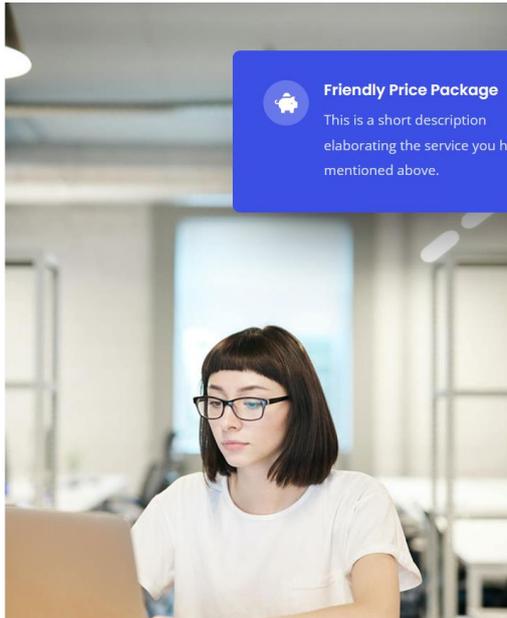

-  **Custom Product Development**
Development of Customised Solutions including Electronics and Embedded Solutions, PCBs, Apps, Websites, Web Services and provide Manpower for Software Projects.
-  **AI Enabled Industry Automation**
Automating daily recurring labour oriented tedious process by integrating latest technologies like, IoT & Artificial Intelligence.
-  **Product Replication**
Feeling Difficult to Import Products with no feature customisation. Niltech can make it like you want.
-  **Imported Machinery Maintenance & Replication**
Advance Imported Machineries which need imported parts for maintenance, we do it by replicating the technology.
